Clyde Hall, known better as "Slim" Ever since the season opened both Farns- friends and will come on to Salt Lake worth and Hammond have had their eye on Hail, but could not land him because Omaha holds him under contract. Jack Huston was also after Hall, but in the neal to land him Salt Lake beat Helena out just as Salt Lake beat Helena in

he last series of games. Farnsworth did not make public the price paid for Hall, but be it known he did not get him for nothing. But Farnsworth believes Hall will strengthen the team as much as any man he could secure, and thinks him cheap at any price. Hall was badly wanted by Cmaha this year, but refused to go, as he wanted to play ball in the west if possible. The deal therefore suits Hall and Farnsworth, and what is more, the Salt Lake fans. Butte comes today. The team which beat Boise three out of five games is scheduled to play five games in Salt Lake this week, and local fans will have their first opportunity to get a line on the other teams which Salt Lake has to beat to win the pennant. By the end of the week it will be possible to dope out the four aggregations in the league, as Helena will lave had its fling at Boise by that time and Salt Lake and Butte will be pretty well figured out. Butte did not arrive last night, as they stopped over to play an exhibition game at Pocatello yesterday. price paid for Hall, but be it known he

Previously Mrs. Young had visited the South Chicago police station and complained to them.

"Til take the officers down there if you will stop the cruel chase," she said.

With two other policemen the lieutenant got into her automobile and went to the scene of the chase. Lieutenant Smith told the kennel club members that it was against the law to hold the chase and it would not be allowed.

Pye needs little or no introduction to Salt Lake bike fans, as he has ridden here before. Since returning to Australia he has improved to such an extent that he was the scratch rider in all the big races. As he has been racing all winter he says it will take but little work to put him in shape to be at his best when the season opens.

While Salt Lakers know but little of Hehir and Nesbitt, they bear a good reputation among the bike riding colony who know of them by reputation. Hehir is a sprinter and Nesbitt a plugger on the style of Pye. In the six-day race, one hour a night, held in Australia last winter, Hehir won out, beating Pye, McFarland and Clarke in the final sprint. This was the big race of the year at Melbourne.

MORAN SAILS TO FIGHT DRISCOLL

New York, May 10.—Owen Moran, an English feather-weight, has just sailed for his home in Birmingham to force a match with Jem Driscoll. Before sailing he failed to get Abe Attell into a third match because the latter injured his hand.

In this country Moran and Driscoll could have fought had it not been that both were then under the same management. Moran believes the National Sportboth were then under the same management. Moran believes the National Sporting club of London will match him with Driscoll for twenty rounds.

WALKING RACE IS ON AT MILWAUKEE

CURES The cause of all skin diseases can be traced to some humor or acid in

the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acrid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temporature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scretching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. RETURNS FROM IDAHO

The Occidental baseball team returned home last night after a two weeks' trip through southern Idaho. Manager Sachsthrough southern Idaho. Manager Sachsman says the team did not do as well away from home as he expected, but that he has wires out to strengthen the team in several places. Before the first of the coming month he says the colored boys will be stronger than they were last year. While away from home, Twin Falls won four out of five games against the Occidentals, while the colored boys won in Idaho Falls and lost in Pocatello.

ARRIVES FOR BENCH

New York, May 10.—Chineham Young Jack, one of the biggest buildogs ever shown, has arrived from England on the American liner St. Faul. He has been purchased by J. Cooper Mott of Great Neck, L.
